

Beef Weaner Pellets

Beef Weaner Pellets are formulated to be fed to weaners between 125kg to 300kg live weight to maintain growth rates in situations where forage quality and or quantity is limiting. It is nutritionally balanced for essential nutrients such as protein, energy, vitamins and minerals and contains lasalocid sodium for improved growth rates and feed conversion efficiency, and as an aid in the prevention of coccidiosis.

ANALYSIS

	As Fed	DM @ 89 %
Metabolisable Energy (min)	10.8 MJ/kg	12.1 MJ/kg
Total Protein (min)	14.5 %	16.3 %
Protein from urea (max)	2.9 %	3.3 %
Fat (min)	2.0 %	2.2 %
Fibre (max)	10 %	11.2 %
Salt (max added)	1.0 %	1.1 %
Acid buf (rumen buffer)	1.0 %	1.1 %

Lasalocid Sodium 46 mg per kg as fed

FEEDING RECOMMENDATIONS

Feed *ad.lib* or restrict if necessary. Introduce pellets gradually and avoid sudden changes to diet as digestive problems may occur. If digestive problems occur reduce the amount of pellets being fed and increase roughage consumption until normal digestive activity resumes.

Stock will consume approximately 3% to 3.5% of their body weight of food per day. When fed in a feed-lot situation (*ad.lib*) about 15% to 25% of their consumption will be roughage and the remainder pellets. Roughage intake can be manipulated by alternating between straw and clean fresh hay. The consumption of straw will generally be lower than hay which enables the level of consumption to be regulated.

Roughage and clean, fresh water must be available at all times.

WARNINGS

Do not feed to horses or other equines, camelids and canines as it may be fatal.

Withholding Period: Cattle: Nil.

This feed has been manufactured specifically for animals as described, do not feed to any other species of animal.

Avoid sudden changes to the diet to prevent digestive problems.

This product does not contain restricted animal material.

Store in a cool, dry place away from direct sunlight.

INGREDIENTS

Beef Weaner Pellets are formulated from a selection of the following ingredients: Barley, wheat, triticale, oats, peas, lupins, lentils, beans, soyabean, canola, sunflower, almond hulls, grapes and products derived from these ingredients.

Vegetable oil, limestone, di-calcium phosphate, salt, urea, acid buf, bentonite, magnesium sulphate, magnesium oxide, antioxidants and lasalocid sodium.

Vitamins: A, D₃, E.

Minerals: Calcium, phosphorus, sodium, chloride, sulphur, cobalt, copper, iodine, manganese, selenium and zinc.
