

Ewe & Lamb Nuts

Ewe & Lamb Nuts are formulated to be fed to ewes from one month before lambing and during lactation to maintain body condition and promote milk production in the ewe. Increased lactation will improve lamb growth and survival.

Lasalocid sodium is included in the nuts to improve feed conversion efficiency and as an aid in the prevention of coccidiosis.

ANALYSIS

	As Fed	DM @ 89 %
Metabolisable Energy (min)	11.3 MJ/kg	12.7 MJ/kg
Total Protein (min)	15.0 %	16.9 %
Urea (max)	Nil	Nil
Fibre (max)	10 %	11.2 %
Salt (max added)	1.2 %	1.3 %
Calcium (min)	1.3 %	1.5 %
Phosphorus (min)	0.4 %	0.45 %
Magnesium (min)	0.2 %	0.22 %
Acid buf (rumen buffer)	1.0 %	1.1 %

Lasalocid Sodium 40 mg per kg as fed

FEEDING RECOMMENDATIONS

The feeding rate of Ewe & Lamb Nuts will vary depending on a number of factors such as body weight and condition, pregnancy, lactation (level of milk production), activity and quality of the roughage being fed.

Generally feeding rates would range from 0.5% to 2% of body weight per day along with *ad.lib* roughage.

Introduce nuts gradually and avoid sudden changes to diet as digestive problems may occur. If digestive problems occur, reduce the amount of nuts being fed and increase roughage consumption until normal digestive activity resumes.

Ewe & Lamb Nuts can be fed to cows and calves.

Roughage and clean, fresh water must be available at all times.

WARNINGS

Do not feed to horses or other equines, camelids and canines as it may be fatal.

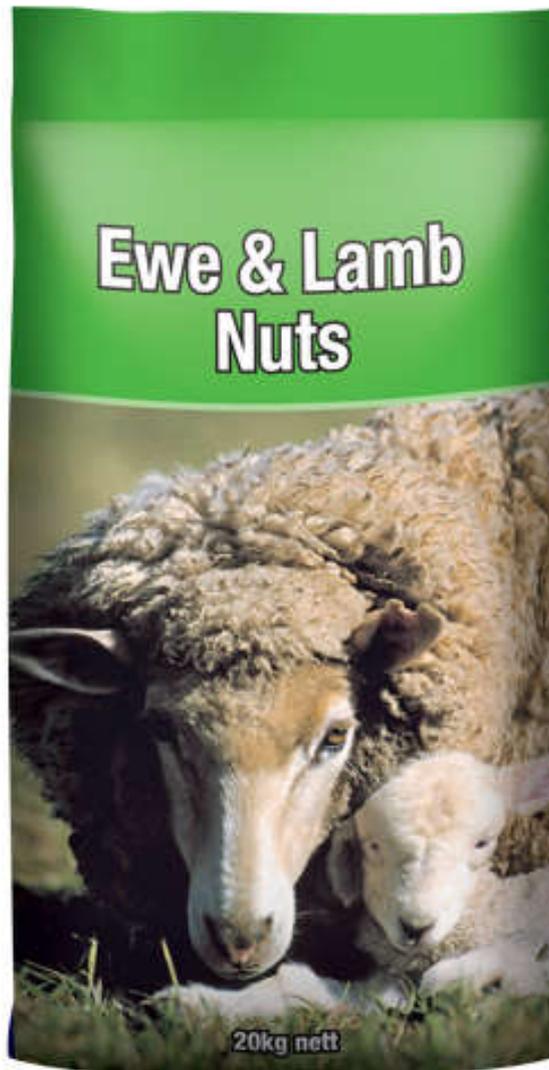

Withholding Period - Meat: Cattle & Sheep, Nil. Milk: Cattle, Nil. Sheep, Do not use in lactating ewes where milk or milk products may be used for human consumption.

This feed has been manufactured specifically for animals as described, do not feed to any other species of animal.

Avoid sudden changes to the diet to prevent digestive problems.

THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL

Store in a cool, dry place away from direct sunlight.

INGREDIENTS

Ewe & Lamb Nuts are formulated from a selection of the following ingredients: Barley, wheat, triticale, oats, peas, lupins, lentils, beans, soyabean, canola, sunflower, almond hulls, grapes and products derived from these ingredients.

Vegetable oil, limestone, di-calcium phosphate, salt, acid buf, bentonite, magnesium sulphate, magnesium oxide, antioxidants and lasalocid sodium.

Vitamins: A, D₃, E.

Minerals: Calcium, phosphorus, sodium, chloride, sulphur, magnesium, cobalt, copper, iodine, iron, manganese, selenium and zinc.
