

Feed-lot Pellets

Feed-lot Pellets are formulated to be fed to sheep and cattle in a feed-lot environment and can also be used while joining, or to maintain growth rates and production in situations where forage quantity and/or quality is limiting.

Lasalocid sodium is included to improve feed conversion efficiency and as an aid in the prevention of coccidiosis.

ANALYSIS

	As Fed	DM @ 89 %
Metabolisable Energy (min)	11.6 MJ/kg	13.0 MJ/kg
Total Protein (min)	16.0 %	18.0 %
Protein from urea (max)	2.9 %	3.3 %
Urea (max)	1.0 %	1.1 %
Salt (max added)	1.2 %	1.3 %
Calcium (min)	1.3 %	1.46 %
Phosphorus (min)	0.4 %	0.45 %
Magnesium (min)	0.2 %	0.22 %
Acid buf (rumen buffer)	1.0 %	1.1 %

Lasalocid Sodium 40 mg per kg as fed

FEEDING RECOMMENDATIONS

Stock will consume approximately 3% to 3.5% of their body weight of food per day; about 15% to 25% of their consumption will be roughage and the remainder pellets.

Introduce **Feed-lot Pellets** gradually, increasing the amount fed over two to three weeks. Avoid sudden changes to diet as digestive problems may occur. If digestive problems occur reduce the amount of pellets being fed and increase roughage consumption until normal digestive activity resumes.

Animals may eat more hay if it is highly palatable, reducing pellet consumption. Consumption of straw will generally be lower, enabling the level of consumption to be regulated, and higher growth rates achieved.

Roughage and clean, fresh water must be available at all times.

For additional information please contact Laucke Mills.

INGREDIENTS

Feed-lot Pellets are formulated from a selection of the following ingredients: Barley, wheat, triticale, oats, peas, lupins, lentils, beans, soyabean, canola, sunflower, grapes and products derived from these ingredients.

Vegetable oil, limestone, di-calcium phosphate, acid buf, salt, urea, ammonium chloride, bentonite, magnesium oxide, sulphur, antioxidants and lasalocid sodium.

Vitamins: A, D₃, E.

Minerals: Calcium, phosphorus, sodium, chloride, sulphur, cobalt, copper, iodine, iron, manganese, selenium and zinc.

WARNINGS

Do not feed to horses or other equines, camelids, and canines as it may be fatal.

Withholding Period - Meat: Cattle & Sheep, Nil. Milk: Cattle, Nil. Sheep, Do not use in lactating ewes where milk or milk products may be used for human consumption.

This feed has been manufactured specifically for animals as described, do not feed to any other species of animal.

Avoid sudden changes to the diet to prevent digestive problems.

THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL

Store in a cool, dry place away from direct sunlight.
